Date visited: 4/7/13  
Traveling companion: Letty Collins

Number attending: Perhaps 15

Jot down below what you heard:

Quotes are good.

Queries are used in Meeting for Business. The number and variety are appreciated, since it provides flexibility to select something appropriate. Its a richer document with them. They are not just for Business, but for spiritual practice also.

Diversity is reflected in the document.

I made a plea for more items for the index and said that electronic versions are/would be available.

They were grateful for the visit.
