

## Social Distancing at Little Falls

Dear Friends,

I wanted to touch base with you before this weekend. Other meetings have adopted a "no handshake" policy in light of COVID-19. I propose that we do the same and use another form of greeting at the rise of Meeting, like the nodding of heads and smiling or whatever you are comfortable with. I would also recommend that we practice social distancing in terms of where we sit--using as much of the room as possible. If you are feeling ill or coughing a lot, please think carefully about whether you should come to Meeting, as we want to keep everyone as safe as possible. Thank you,

Beth Harlan
