Roanoke Friends Meeting	Referred to their Peace & Social Concerns Committee in May; endorse SSMM minute in June with recommendations: <i>This letter/Minute is welcome, and well deserving of support. It would be enhanced by reference to the loss of inter-relationships among societies and peoples, the loss of important organizations of solidarity and of shared initiatives, and the dropping or distortion of important laws and treaties. All of these will in future cause great harm, leave each society more isolated, and contravene the shared values and commitments that will be needed to build peace and justice in the future.</i>
Shepherdstowne Friends Meeting
